## 2014 Reminder of Public Alcohol Law

The New Haven Saint Patrick's Day Parade is a rich, family-oriented, cultural tradition. The 2014 Parade Committee is committed to providing a safe and enjoyable event for both marchers and spectators. The Parade Committee is working with City of New Haven to assure our event is one we can all be proud of.

The New Haven Police Department will again be enforcing all laws related to public drinking of alcohol. Please be aware that public drinking from open containers, disorderly behavior and sale of alcoholic beverages other than in licensed establishments will be the focus of Police enforcement efforts as well as public safety. Citations of up to \$99.00 will be issued for open container violations. Police will also be conducting DUI checks during and after the parade.

Come and enjoy the parade, leave your coolers and alcoholic beverages at home.
